*Real estate document services provider experiences 72% percent growth over three-year period*

**Southlake, Texas –August 27, 2014 – [Orion Financial Group, Inc.](#)**, a leading provider of mortgage assignment, lien release and document retrieval services, has been named to Inc. magazine's 33rd annual Inc. 500/5000, a list of the fastest-growing firms in the country, for the second year in a row.

The list represents a comprehensive look at the most important segment of the economy—America's independent entrepreneurs. Companies such as Yelp, Pandora, Timberland, Dell, Domino's Pizza, LinkedIn, Zillow, and many other well-known names gained early exposure as members of the Inc. 500 | 5000.

"We are delighted to be named to the Inc. 500/5000 for the second year in a row," said Mike Wileman, president and CEO of Orion. "Orion is pleased to be included among the most successful companies in America. We've experienced steady growth since our inception in 1993, and look forward to continued growth in the future."

Orion has seen a 200% increase in the number of transactions it performs in the past four years, which include assignments, lien releases, document retrieval, correcting title chain issues, and Orion's newest product, i3. The new i3 offers collateral file reviews, document imaging and storage for the small to medium-size investor, according to Wileman. The company's client base of mortgage servicing companies, credit unions, investors, and lenders has more than doubled over the last two years.

The 2014 Inc. 5000 is the most competitive crop in the list's history, according to Inc. Magazine. The Inc. 5000's aggregate revenue is \$211 billion, generating 505,000 jobs over the past three years.

"What surprises me, even though I know it's coming, is the sheer variety of the paths our entrepreneurs take to success, thematically reflecting how our economy has evolved," says Inc. President and Editor-In-Chief Eric Schurenberg.

Orion, which provides real estate document recording services in every U.S. county nationwide, is ranked number 4077 out of the 5,000 fastest-growing privately held companies. The ranking is based on a 72 percent increase in company revenues over the three year period from 2010 to 2013.
